Breast Cancer is the most common cancer in women. Getting a Mammogram regularly can lower the risk.
A MAMMOGRAM is an X-ray picture of the breast that looks for early signs of breast cancer.

- FREE Mammogram screening for un-/under-insured women ages 40 to 64 years who have not been screened in the past 12 months.

If you have any questions, call (928) 729-4508

- Women with AHCCCS or Private Health Insurance accepted. Bring Card.
